PROJECTS

Recipe Finder | HTML, CSS, Javascript, AJAX | [Github](#) | [Live](#) **Project Manager**

Single-page web application that allows you to search for recipes based on ingredients you already have and watch a YouTube video on how to make similar recipes.

- Uses multiple APIs to search for a recipe and uses the results to find a video
- Utilizes Bootstrap, Bootswatch, and some custom CSS for styles
- Utilizes the YouTube API for an embedded iFrame player.
